OFFICE OF THE DEPUTY COMMISSIONER, BANGALORE URBAN DISTRICT, BANGALORE,

Notification No AIN 877 c 5774/62-63 dated 18th June 1963

Measures to prevent unauthorised layouts and unauthorised constructions in and around Bangalore.

Use of Agricultural land for non-agricultural purposes, procedure to be followed for permission.

The attention of the public is drawn to the press Note No. 463/31st December 1961 from the Director of publicity and information Government of Mysore, on the above subject. Though it has been made clear therein that whenever it is proposed to convert any agricultural land for non agricultural purposes, the concerned parties should apply only to the Deputy Commissioner of the District for such conversion, instances have come to the notice of the undersigned that a section of the public appear to be under the mistaken impression that the No Objection Certificate issued by the City Improvement Trust Board or the Corporation as the case may be and approval of layout or Building plans etc, by the local bodies is sufficient authority to convert the agricultural land into non-agricultural purposes and for starting building constructions As this is not correct, it is again made clear to the public that whenever it is proposed to convert any agricultural land for non-agricultural purposes, the concerned parties should apply only to the Deputy Commissioner in respect of the lands situated within the limits of the Corporation area and within a radius of 5 miles from that Corporation boundary limits, and to the Assistant Commissioner, Bangalore Sub division, in respect of the lands situated beyond the radius of five miles from the Corporation boundary limits for permission for such conversion of the agricultural land, After the permission is granted by the Deputy Commissioner or the Assistant Commissioner, as the case may be for the proposed conversion, the party should obtain the conversion certificate from the concerned Tahsildar (after payment of the required conversion fine and non agricultural Assessments etc) and then apply either to the City Improvement Trust Board or the Municipal Corporation as the case may be for the approval of the building plans and for obtaining the requisite building and other licenses etc, from the concerned local body

The public are also cautioned that any construction started or put up without obtaining the orders of the Deputy Commissioner or the Competent Revenue Authority sanctioning the conversion of the land will be illegal and action would be taken against such unauthorised constructions and the persons concerned under the provisions of L R C. and L R. Rules.
